

Important Information

Breakdown: Sunday, 1 March: 18H30 – 22H00 **and Monday, 2 March: 08H00 – 16H00**

It is recommended that Exhibitors commence breakdown on Sunday evening to ease pressure at loading bays assisting breakdown crews.

After close of show, Sunday 1 March:

- **Exhibitors may not commence breakdown before close of show.**
- Expo closes at 18H00, breakdown may only commence within 30 minutes after closing, once the floor is clear of visitors.
- Secure your goods and ensure at least one representative is on the stand during breakdown.
- **No** vehicles will be permitted access to the loading bay areas prior to official breakdown at 18H00.
- To ease breakdown for ALL exhibitors **ensure all** stand material is **fully** packed before notifying a porter at the loading bay!
- The venue will be locked at 22H00 and will re-open at 08H00 on Monday morning.

Exhibitors are urged not to leave stands unattended during the breakdown period, as this is when goods are most vulnerable to theft.

Monday, 2 March: 08H00 to 16H00 – Final Breakdown:

- Security checkpoint at the loading bays
- Ensure a representative from your company is at your stand at 08h00 to secure your possessions.
- **All stands must be fully cleared by 16H00 without exception**, as another event commences their build up on Tuesday, 3 May. Any remaining items will be disposed of and exhibitors will be charged penalties accordingly. This refers especially to building rubble and any material used in construction of exhibits.
